

Dear Parent/ Carer,

We are writing to inform you that the Calderdale Immunisation Team will be attending your child's school in the near future to offer the Diptheria/Tetanus/Polio vaccination and Meningitis ACWY vaccination.

Please read the enclosed immunisation leaflet and complete the consent form indicating consent or refusal. The signed consent form should be returned to school as soon as possible.

Please note: in the absence of a signed consent/ refusal from parent/ carer your child will be given the opportunity to sign their own consent in school using Fraser guidelines.

If your child receives a Diptheria/Tetanus/Polio and Meningitis ACWY vaccination from any other service after you have returned the consent form to school please inform the Immunisation Team on the above number.

If you require any further information about the immunisations you should contact the Immunisation Team on the above number.

Useful websites for information about childhood immunisations are immunisation.cht.nhs.uk and www.immunisation.nhs.uk.

Thank you for your co-operation.

The Immunisation Team
